Pricing by Brands can be performed either by Air Availability Search (‘ADD AIR’) or within a Booked Reservation (‘Price’ button). Currently, this is not possible via “Direct Sell” functionality.

1. Availability Search (ADD AIR):
   a. Select a Fare Brand, by clicking on the gear icon ‘’
   b. Select a Brand from the new option “Pricing by Brands”
c. Search for a roundtrip flight and price by the specific Fare Brand.

![Image of flight search interface]

- **Availability search** will return results for that Fare Brand only (i.e. LIGHT).
  - If **“Best Buy”** radial button is selected, then the least expensive class for the specific brand will be returned.
  - If **“Price”** button is selected, then the checked class will be priced for the specific brand (if available). **An error will be displayed if the selected brand is not available for the class entered.**
